

OBJECTIVE

To pursue a challenging career where I can utilize my academic knowledge, industry experience, and expertise in Object-Oriented Programming, Web Technologies, and Databases to develop efficient and scalable applications. I am eager to explore my potential and contribute to organizational growth with dedication and continuous learning.

EXPERIENCES

- ❖ **Industry Experiences (Total Exp: Almost 4 Years) -**
Senior Software Engineer | *Gulf State Software (USA, Remote)* | [May, 2024] – Present | 1 Year 4 Months
- Serving as a Senior Software Engineer for over one year.
 - Leading particular development tasks, contributing to architecture decisions, and delivering high-quality solutions.

- Software Engineer** | *Gulf State Software (USA, Remote)* | [May, 2022] – [April, 2024] | 2 Years
- Worked for two years building and maintaining robust software solutions for international clients.
 - Collaborated with cross-functional teams to implement features and optimize applications.

- Junior Software Engineer** | *Shikhanobish (Online Education Platform, Bangladesh)* | [Sep, 2021] – [Feb, 2022] | 6 Months
- Developed in-house applications to enhance the online education experience.
 - Gained hands-on experience in full software development lifecycle over six months.

- Overview Project Experiences: -**
- **Full Stack:** Two Web applications. Among them, One in ASP.NET MVC Core and another one in ASP.NET MVC. All of them applied by Entity Framework and designed with Repository Pattern.
 - **Backend:** Three RESTful API based projects whereas two of them with ASP.NET MVC Core based on Entity Framework and another one with ASP.NET MVC fully based on Stored Procedure with ADO.NET.
 - **Frontend:** One Project with Blazor.
 - **Windows:** One Windows Application with WPF.
 - **Android:** One Xamarin Android App UI design.

CONTACTS

- 01785910000
- abidhassandiba@gmail.com

SKILLS

- ❖ **Languages -**
- C#
 - JavaScript
 - HTML
 - CSS
 - SQL
- ❖ **Backend -**
- ASP.Net MVC Core
 - ASP.Net MVC
- ❖ **Frontend -**
- Razor
 - jQuery AJAX
 - Bootstrap
 - AngularJS
 - Blazor
- ❖ **Cross-Platform & Desktop -**
- Xamarin
 - WPF
- ❖ **Database Management -**
- MS SQL Server
 - Entity Framework
 - Stored Procedures (EF)
 - Stored Procedures (ADO.NET)
 - LINQ
- ❖ **DevOps & CI/CD Tools -**
- Azure DevOps
 - GitHub

Elaborately Project Experiences: -

Gulf State Software — Projects –

- **Amedig Apparel Warehouse Management API** - (*Backend | RESTful Web API | ASP.NET → ASP.NET Core Migration*)
Upgraded legacy ASP.NET APIs to ASP.NET Core, improving system performance, scalability, and security.
- **Amedig Apparel Warehouse Management System** - (*ASP.NET Full-Stack Web | JavaScript | jQuery/Ajax | Angular JS*)
Designed and developed modules for inventory control, order processing, shipment tracking and ensuring a seamless UI/UX experience.
- **Amedig Apparel Report & Email Service** - (*Backend | RESTful Web API | ASP.NET*)
Implemented an automated reporting and email notification system to enhance data analysis.
- **Amedig Apparel Tab App** - (*Windows Application | WPF*)
Developed a WPF-based application for tab management, especially product data entry by operator, and generating advanced reports.
- **Event Center** - (*ASP.NET Full-Stack Web | ASP.NET with Google Maps API Integration | JavaScript | jQuery/Ajax*)
Built an event management platform with Google Maps API integration to display and track event locations in real time.

Note: Except, the **Project-based software** Event Center, Worked with Amedig Apparel for over three years, collaborating with the client to deliver custom **ERP-like solutions & services** that streamlined warehouse and supply chain operations.

Shikkhanobish — Projects -

- **Shikkhanobish API** - (*Backend | RESTful Web API | ASP.NET Core*)
Developed and maintained scalable APIs for student-teacher interaction, authentication, and course management.
- **Shikkhanobish Website (Timeline & Question Making)** - (*UI | Frontend | Blazor*)
Designed and implemented interactive web pages for course timelines & question creation.
- **Shikkhanobish Student App** - (*Mobile Application | Android | Xamarin UI*)
Built a user-friendly mobile app enabling students to attend classes, manage courses, and communicate with teachers.

Note: Developed and maintained an **In-house online education platform** by building custom solutions and services tailored to organizational needs.

❖ Design Patterns -

- MVC
- Repository Pattern
- Dependency Injection

❖ Reports & Documentations -

- Doc (Crystal Report)
- PDF (Crystal Report)
- PDF (Adobe)
- PDF (iTextSharp)
- Excel (SL Document)
- Email with SMTP Gmail
- Email with SMTP Outlook
- Email with Mailgun
- Email with Sendgrid
- Charts/Graphs for Data Visualization (.NET - DataVisualization, Javascript - ApexCharts)

❖ Security -

- JWT Bearer Token
- CORS Policy
- OAuth (Google)
- IP Block (Manually)

❖ Tools -

- Visual Studio
- VS Code
- SQL Server Management Studio
- Postman
- GitHub Desktop

❖ Others -

- API Scheduling
- Barcode Generation
- SignalR
- Local storage, Session storage
- Sound knowledge on React.js

- ❖ **Notable Academic Projects -**
- **House Rent** - *(ASP.NET Core Full-Stack Web)*
 - **Online Device Shop** - *(ASP.NET Core Full-Stack Web)*
 - **Akij Food** - *(RESTful Web API with ASP.NET Core)*
 - **Student Management** - *(ASP.NET Full-Stack Web)*
 - **Online Book Shop** - *(ASP.NET Full-Stack Web)*
 - **Student Course Registration** - *(Desktop App with WinForms)*

INTERESTS

I am passionate about Web Development and enthusiastic to explore diverse areas of Software Development and emerging technologies.

EDUCATION

2022-2023

MSc.

Computer Science

American International University-Bangladesh

CGPA: 3.79 / 4.00

2017-2021

BSc.

Computer Science and Engineering

American International University-Bangladesh

CGPA: 3.77 / 4.00
